Outline of the Annex

Annex 1.	Contact information on project participants
Annex 2.	Information regarding public funding
Annex 3.	New baseline methodology
Annex 4.	New monitoring methodology
Annex 5.	Table of baseline data

Annex 1 : Contact Information on participants in the project activity

Organization:	
Street/P.O.Box:	
Building:	
City:	
State/Region:	
Postfix/ZI P:	
Country:	
Telephone:	
FAX:	
E-Mail:	
URL:	
Title:	
Salutation:	
Last Name:	
Middle Name:	
First Name:	
Department:	
Mobile:	
Direct FAX:	
Direct tel:	
Personal E-Mail:	

Annex 2 : Information regarding public Funding

-
- Information on sources of public funding for the project activity from Parties included in Annex I
 - Shall provide affirmation that such funding does not result in diversion of official development assistance and is separate from and is not counted towards the financial obligations of those Parties.

Annex 3 : New Baseline Methodology

1. Title of the proposed methodology:

2. Description of the methodology:

- 2.1. General approach
 - (a) Existing actual or historical emissions, as applicable
 - (b) Emissions from a technology that represents an economically attractive course of action taking into account barriers to investment
 - © The average emissions of similar project activities undertaken in the previous five years,
- 2.2. Overall description (other characteristics of the approach)

Annex 3 : New Baseline Methodology

**3. Key parameters/assumptions
(including emission factors and
activity levels), and data sources
considered and used**

**4. Definition of the project boundary
related to the baseline methodology**

Annex 3 : New Baseline Methodology

-
- 5. Assessment of uncertainties:**
 - 6. Description of how the baseline methodology addresses the calculation of baseline emissions and the determination of project additionality**

Annex 3 : New Baseline Methodology

-
- 7. Description of how the baseline methodology addresses any potential leakage of the project activity**
 - 8. Criteria used in developing the proposed baseline methodology, including an explanation of how the baseline methodology was developed in a transparent and conservative manner**

Annex 3 : New Baseline Methodology

-
- 9. Assessment of strengths and weaknesses of the baseline methodology**
 - 10. Other considerations, such as a description of how national and/or sectoral policies and circumstances have been taken into account**

Annex 4 : New Monitoring Methodology

-
- 1. Brief description of new methodology**
 - 2. Data to be collected or used in order to monitor emissions from the project activity, and how this data will be archived**

Annex 4 : New Monitoring Methodology

-
- 3. Potential sources of emissions which are significant and reasonably attributable to the project activity, but which are not included in the project boundary, and identification if and how data will be collected and archived on these emission sources**
 - 4. Assumptions used in elaborating the new methodology**

Annex 4 : New Monitoring Methodology

-
- 5. How the QA/QC are being undertaken for each monitored item**
 - 6. Potential strengths and weaknesses of the methodology**
 - 7. Has the methodology been applied successfully elsewhere and, if so, in which circumstances**

Annex 5 : Baseline Data

-
- © **Key elements used to determine the Baseline (variables, parameters, data sources, etc.)**
 - © **Refer to draft tables on the UNFCCC/CDM Website for approved Meths.**
